This guidebook offers a brief overview of each site on the trail, how to get there, birds to look for, best months to visit and birding tips.

More than 300 species of birds may be found among the 38 sites making up the trail.

Northeastern South Dakota's geologic history has created a wonderful habitat for birds. Hundreds of large and small pothole lakes were formed by the last-to-melt scattered masses of glacial ice left behind when the glaciers receded 10,000 years ago. Here, nestled in the prairie pothole region of northcentral United States and southcentral Canada, you will find one of the most productive waterfowl breeding areas in North America.

Pristine tall-grass and mixed-grass native prairie scattered throughout the region provides a special opportunity to experience the increasingly rare grassland habitat that once covered the vast central plains of the U.S. and Canada. Look for limited-range prairie grassland species here.

WE OFFER A FEW GENERAL BIRDING TRAIL TIPS:

Roads Be careful and slow down when driving on gravel roads, especially in wet or snowy conditions. A few of the trail's many gravel roads may be impassable when muddy or snow-covered. Check with local contacts if in doubt. Less-traveled gravel roads provide great birding.

Vehicle trails Many of the trail's state game production areas (**GPAs**) and federal wildlife production areas (**WPAs**) have rough roads. It is recommended you walk rather than attempt to drive on these dirt roads. Please respect "No vehicles beyond this point" signs.

Multiple use Although northeastern South Dakota has an abundance of public land, be aware of and considerate of others. Site contacts can provide specific information about hunting or other activities at locations you plan to visit.

Weather can change quickly in South Dakota. Be prepared with outerwear suitable to the season. Plan to include insect repellent for summer birding.

Parks An entrance license is required at all state parks and state recreation areas. All offer picnic areas and toilets. All except Sica Hollow offer camping. Most offer comfort stations with running water.

Don't forget to watch for good places to pull over and bird as you drive between the trail hot spots. There are many such places. Set the brake before you exit your car.

Yellow Warbler South Dakota Tourism and State Development

Rivers and streams course through the region, providing protective riparian habitat for dozens of species. You will also find deciduous and coniferous woodlands and numerous marshes and wetlands. Hundreds of miles of shoreline offer choices of rock, gravel, or muddy edges. Look for woodland songbirds, marsh birds and shorebirds in these habitats. Watch for raptors soaring over all.

Situated on the overlapping Central and Mississippi migratory flyways, the Glacial Lakes and Prairies region of South Dakota hosts millions of migrating birds each spring and fall.

Welcome to northeastern South Dakota. Good birding!

Snow Geese

South Dakota Tourism and State Development

1. Oakwood Lakes State Park - Brookings County

Habitat The park is in an area encompassing eight glacially carved lakes, wetlands, deciduous and coniferous woodlands, open meadows and some native prairie. The park, plus contiguous GPA, encompasses 1,065 acres.

Look for these birds Many waterfowl species, huge flocks of Snow Geese with Ross' Geese in spring migration, warblers and sparrows in migration, Green Heron, Great Egret, Black-crowned Night-Heron, American Woodcock, Yellow-billed and Black-billed Cuckoo, Eastern Bluebird, Red-tailed Hawk, American Bittern, Northern Cardinal, Yellow-headed Blackbird, Red-bellied Woodpecker. *Rarities: Blue Grosbeak, Least Bittern*

Best birding months March through October Open: 6 a.m.–11 p.m., March-September; 6 a.m.–9 p.m., October-April. State Park entrance license required. (**T**, **CS**)

Tips A heron and egret colony in the northeast corner of the park is accessible by canoe. Trails, gravel and paved roads throughout park. Running south on gravel road 457th Ave., four miles west of south park entrance, for 11 miles to Lake Sinai is excellent wetland habitat on both sides of the road. Excellent birding during spring migration.

Contact Park Supervisor, 46109 202nd St., Bruce, SD 57220 (605) 627-5441 OakwoodLakes@state.sd.us

Contact Associate Director, McCrory Gardens, Box 2140A,

South Dakota State University, Brookings, SD 57007 (605) 688-5136 sdsu_hflp@sdstate.edu

adjacent open areas for thrushes.

Eastern Bluebird G. van Frankenhuyzen, Cornell Laboratory of Ornithology

3. Mickelson Memorial Marsh – Hamlin County

Habitat 1,650-acre wetland with 600-acre cattail slough, open water, marsh and shrub belt with dense nesting cover. Mudflats in low-water years, native grass uplands.

Look for these birds Bufflehead, Northern Pintail, Green-winged Teal, American Wigeon, Black-crowned Night-Heron, Marsh Wren, Tree Swallow, Sora, Western Meadowlark, Yellow-headed Blackbird, Smith's Longspur, sandpipers, godwits, phalaropes. Huge flocks of Snow Geese with Ross' Geese intermingled. *Rarity: Great-tailed Grackle*

Best birding months March through October

Tips Don't miss birding along the north-south road running through western side of the GPA. This GPA is a very popular hunting area in September and October.

Contact S.D. Game, Fish & Parks, Wildlife Division, Watertown Regional Office, (605) 882-5200 Aberdeen District Office, (605) 626-2391

4. Dry Lake (Sioux Poinsett GPA) – Hamlin County

Habitat 2,100-acre wetland, flooded, with island in middle. Scattered woodland around lake.

Look for these birds Great Egret, Cattle Egret, herons, Western Grebe, Short-billed and Long-billed Dowitchers, Dunlin, Stilt Sandpiper, and many other shorebird species in migration. Hundreds of thousands of Snow Geese with Ross' Geese in early spring. *Rarity: Black Duck*

Best birding months April through October

Tips Access is good around Dry Lake. A belt of conifers in northeast corner provides shelter for finches, waxwings and songbirds. Good shorebirding in spring one and one-half miles south where Hwy 28 crosses the Big Sioux River east of Lake Poinsett.

Contact S.D. Game, Fish & Parks, Wildlife Division, Watertown Regional Office, (605) 882-5200 Aberdeen District Office, (605) 626-2391

5. Lake Alice and Salt Lake - Deuel County

Habitat Lake Alice is surrounded by grassland and cropland, Ponderosa pine along north side. Nearby saline Salt Lake, on the Minnesota border, attracts large numbers of shorebirds in spring and fall migration.

Look for these birds Canvasback, Common Merganser, Northern Pintail, American Golden-Plover, Savannah Sparrow. *Rarities: Smith's Longspur, Le Conte's Sparrow, Surf Scoter, White-winged Scoter, Long-tailed Duck. At Salt Lake, migrating Black-bellied Plover, Wilson's Phalarope, Stilt Sandpiper, Semipalmated Plover, White-rumped Sandpiper*

Best birding months Lake Alice: April through October Salt Lake: April through June, August through September

Tips Good birding along two miles of gravel vehicle trail running length of Lake Alice on east side. Drive when road is dry, walk when road is snow-covered or muddy. Look for Smith's Longspurs along roads in this area in medium to small flocks flying over sparse grasslands in April after Lapland Longspurs have left and in October before Laplands have arrived. The road running south from Lake Alice takes you past fens on private property on both sides of the road for five to six miles. A few miles south and east at Gary is Gary Gulch, a woodland similar to Sica Hollow, with a nature area and trails, deep heavily-forested ravine.

6. Round Lake and Bullhead Lake – Deuel County

Habitat 1,078 acres amidst series of lakes surrounded by prairie, shoreline with trees and many thickets.

Look for these birds Wood Duck, Ring-necked Duck, Bufflehead, shorebirds, nesting Chestnut-collared Longspur. *Rarities: Ruddy Turnstone, Surf and White-winged Scoters*

Best birding months April through October

Tips Watch for Short-eared Owls in this area. Trails in northwest corner of GPA.

Contact S.D. Game, Fish & Parks, Wildlife Division, Watertown Regional Office, (605) 882-5200 Aberdeen District Office, (605) 626-2391

7. Sioux River Stretch of the Watertown Recreation Trail – Codington County

Habitat The Sioux River Trail of the Watertown Recreation Trail is approximately two miles along the Big Sioux River in Watertown. This section of the Watertown Recreation Trail runs behind the Bramble Park Zoo at the north end to the Jack and Esther McLaughlin Wildlife Sanctuary at the south end. Habitat includes dense shrubs, deciduous woods and the river.

Look for these birds Least Bittern, Cape May Warbler, Blackand-White Warbler, Northern Waterthrush, Green Heron, Hooded Merganser, Wood Duck, Cooper's Hawk, Red-headed Woodpecker, Scarlet Tanager, Orchard Oriole, Hermit Thrush, Swainson's Thrush

Best birding months April through October

Tips Explore the Kiddie Pond and wooded area over the bridge across the river at Bramble Park. For two weeks prior to fall migration, thousands of Purple Martins gather here. An asphalt nature trail runs through the McLaughlin Sanctuary at the southern end of the Sioux River Trail of the Watertown Recreation Trail. Parking on the street near the zoo's bird cages gets you quickly to the bridge. Or you can park at the sanctuary, or at McKinley Park, halfway between the two ends of the Sioux River Trail and bird your way either direction.

Contact Watertown Recreation Trail, Watertown Parks Department, 125 S. Broadway, Watertown, SD 57201 (605) 882-6260

8. Memorial Park - Codington County

Habitat 105 acres include deciduous woods plus some conifers and junipers, wetlands with cattails at the edge of Lake Kampeska.

Look for these birds American Bittern, American Woodcock, Ovenbird, Cooper's Hawk, Yellow-bellied Sapsucker, Black-throated Green Warbler, Chestnut-sided Warbler, White-throated Sparrow, Harris' Sparrow

Best birding months April through October

Tips A nature trail circles the park's wetland. Look for the viewing blind on the south side. A butterfly garden in the park also attracts shrub-loving birds.

9. Long Lake – Codington County

Habitat Lake and wetlands with approximately eight miles of shoreline, within a 3,600-acre game production area complex. Shore is mixed rocks, gravel and sand, with mud and shallow water in places. Cattails, trees, grassland.

Look for these birds White-faced Ibis, Tundra Swan, Hooded and Common Mergansers, Sora, Virginia Rail, Green Heron, Great Blue Heron, Semipalmated Plover, Least Sandpiper, Yellow-headed Blackbird, diving ducks, dabbling ducks, gulls, terns

Best birding months March through October

Tips Look for a concentration of shorebirds around the island at the southern end of the lake. A nesting area for egrets and cormorants is found on the west side.

Contact S.D. Game, Fish & Parks, Wildlife Division, Watertown Regional Office, (605) 882-5200 Aberdeen District Office, (605) 626-2391

10. Grass Lake - Codington County

Habitat Large lake with approximately 500 acres of adjoining waterfowl production area and flooded wetland with island at northwest end, good variety of vegetation around lake, solid, rocky bottom to mudflats.

Look for these birds Colony of cattle egrets, herons in cottonwoods on east side of shore, waterfowl, White Pelican, gulls, terns, Redhead, Ruddy Duck, Great Egret, Snowy Egret, Black Tern, Forster's Tern, marsh birds, White-faced Ibis

Best birding months April through October (**P**)

Tips Road on western side of lake may be too rough for driving, but fine for walking. Three to five miles south from Wallace (437th Ave.) toward Long Lake has excellent native prairie habitat. At nearby Horseshoe Lake, Nelson's Sharp-tailed Sparrows are a possibility.

Contact Waubay National Wildlife Refuge, 44401 134A St., Waubay, SD 57273 (605) 947-4521 waubay@fws.gov

White-faced Ibis Fred K. Truslow, Cornell Laboratory of Ornithology

Scarlet Tanager W. A. Paff, Cornell Laboratory of Ornithology

11. Reyelts/O'Farrell WPA – Grant County

Habitat 1,190 acres of lake, wetlands, native tall-grass prairie.

Look for these birds Bobolink, Northern Harrier, Red-tailed Hawk, Upland Sandpiper, Sedge Wren, Marbled Godwit, Short-eared Owl, many species of shorebirds in low-water years

Best birding months April through October (P)

Tips Just west of Marvin, northeast corner of WPA is better access to good birding area.

Contact Waubay National Wildlife Refuge, 44401 134A St., Waubay, SD 57273 (605) 947-4521 waubay@fws.gov

12. Berwald WPA - Roberts County

Habitat 560-acre wetland with native tall-grass prairie. Fens in northeast corner.

Look for these birds Marsh birds, sparrows, waterfowl, Northern Shoveler, Upland Sandpiper, Sora, Virginia Rail, Marsh Wren, Sedge Wren

Best birding months April through October (P)

Tips Access off both old 81 and east side. Listen at night in June throughout region for singing Nelson's Sharp-tailed Sparrows. These rare, elusive sparrows inhabit marshy cattail areas.

Contact Waubay National Wildlife Refuge, 44401 134A St., Waubay, SD 57273 (605) 947-4521 waubay@fws.gov

13. Hartford Beach State Park – Roberts County

Habitat 330-acre oak, basswood, ash woodland with patches of prairie along Big Stone Lake.

Look for these birds Pileated Woodpecker, American Woodcock, Cerulean, Prothonotary, Golden-winged and Blue-winged Warblers in migration, Scarlet Tanager, Rosebreasted Grosbeak, Great-crested Flycatcher. *Rarity: Whip-poor-will*

Best birding months

March through October State Park entrance license required. (**T**, **CS**)

Trails and roads throughout park. A good 150-mile birding loop for waterfowl and shorebirds from Hartford Beach north past Browns Valley along the western side of Lake Traverse, stopping at Reservation Dam on S.D. Hwy 117 to scan both Lake Traverse and Mud Lake, then north again along the west side of Lake Traverse to the Rosholt road and east to the southern end of White Rock GPA, to overlook the Bois de Sioux River (marking the north-south continental divide by flowing north to Hudson Bay), around to the west side of White Rock GPA, back past Rosholt, past the southern end of Victor GPA, down western side of Cottonwood Lake and Cottonwood Slough to Harmon GPA. Then west to County Road 8, south to Lake Bdesaka and Dry Run GPA, then south again to the northern end of Eastman GPA, then south to Wilmot and east back to Hartford Beach.

Contact Park Manager, RR 1, Box 50, Corona, SD 57227 (605) 432-6374 Hartford@state.sd.us

South Dakota Tourism and State Development

Franklin's Gull

South Dakota Tourism and State Development

14. Blue Dog/Rush Lake - Day County

Habitat These two lakes are surrounded by prairie and pasture, with U.S. Hwy 12 dividing Rush Lake. Excellent area for Western and Clark's Grebes.

Look for these birds Western Grebe, Eared and Horned Grebes, waterfowl, egrets, Ross' Geese with many thousands of Snow Geese in spring migration. *Rarity: Clark's Grebe*

Best birding months March through June (**P**)

Tips Look for Clark's Grebes on 444th Ave., going north from U.S. Hwy 12 at the western edge of Blue Dog Lake, and along the road running south from U.S. Hwy 12 at the western edge of Rush Lake (in dry years). At Blue Dog Fish Hatchery, a trail leaves from the gazebo and follows the shore. This is good for shorebirds and waterfowl. One-half mile south of the hatchery, turn in to Veke's Point, an area of thick shrubs, willow thicket along a gravel road going out to parking at the point. This is a good spot for sparrows and other thicket birds as well as good lake vantage point.

Contact Waubay National Wildlife Refuge, 44401 134A St., Waubay, SD 57273 (605) 947-4521 waubay@fws.gov

15. Waubay National Wildlife Refuge – Day County

Habitat 4,650 acres of lakes, wetlands, woodlands and marshes attract nearly 250 species of birds to the refuge.

Look for these birds Western Grebe, American White Pelican, American and Least Bitterns, Snowy Egret, Tundra Swan, Hooded Merganser, Northern Goshawk, Gray Partridge, Piping Plover, Willet, Spotted Sandpiper, Black Tern, Black-billed Cuckoo, Sedge Wren, Swainson's Hawk, Eastern Bluebird, Claycolored Sparrow, Magnolia Warbler, Blackpoll Warbler. During spring migration, look for Common Loon, one half-million Snow Geese plus Ross' Geese. Look for Red-necked Grebes in quiet bays. *Rarities: Long-tailed Duck, White-winged Scoter*

Best birding months March through October Visitor Center hours: Monday–Friday, 8 a.m.–4:30 p.m. Closed federal holidays. Refuge open daylight hours only. (**T**)

Tips Trails and roads throughout Headquarters Island on the refuge. Ask at Visitor Center about recent sightings.

Contact the refuge 44401 134A St., Waubay, SD 57273 (605) 947-4521 waubay@fws.gov

16. Wike WPA/One Road Lake – Roberts County

Habitat 500 acres of native tall-grass prairie, wetland, cattails and conifers.

Look for these birds Wetland birds, grebes, Marbled Godwit, Upland Sandpiper, Savannah Sparrow. *Rarities: Townsend's Solitaire, Long-eared Owl*

Best birding months April through October

Tips Watch for prairie grassland birds along roads throughout the area.

Contact Waubay National Wildlife Refuge, 44401 134A St., Waubay, SD 57273 (605) 947-4521 waubay@fws.gov

17. Pickerel Lake Recreation Area – Day County

Habitat Lake with wetlands, woodlands and prairie, including thick conifers, cherry, crabapple and plum, totaling 368 acres.

Look for these birds Bohemian Waxwing, Townsend's Solitaire, Pine Grosbeak, Common Redpoll, Red-breasted Nuthatch, Purple Finch, warblers, thrushes, Eastern Screech-Owl, Northern Cardinal, Pied-billed Grebe. *Rarities: Red-shouldered Hawk, Red Crossbill and White-winged Crossbill*

Best birding months March through October State Park entrance license required. (**T, CS**)

Tips Good winter birding for winter visitor species. Watch for Redshouldered Hawk along edges of woods. Trails and roads throughout park.

Contact Park Manager, 12980 446th Ave., Grenville, SD 57239 (605) 486-4753 PickerelLake@state.sd.us

18. Harmon GPA - Roberts County

Habitat 274-acre public access to lake, wetlands surrounded by prairie, deciduous shelterbelt.

Look for these birds Hooded and Redbreasted Mergansers, Gadwall, Northern Pintail, Ring-necked Duck, Le Conte's Sparrow, Sora, Virginia Rail, American Bittern, Great Blue Heron, Green Heron, Cattle Egret, American Avocet

Best birding months April through October

Tips Good access on southern side. Southeast and southwest parking.

Contact S.D. Game, Fish & Parks, Wildlife Division, Watertown Regional Office, (605) 882-5200 Aberdeen District Office, (605) 626-2391

19. Mud Lake, White Rock GPA - Roberts County

Habitat 1,660-acre wetland, marshes, native grass surrounding shallow Mud Lake.

Look for these birds Black-crowned Night-Heron, Bald Eagle, Wood Duck, Redhead, Canvasback, Great Egret, Great Blue Heron, Sora

Best birding months April through September

Tips Easily viewed from main roads. Water levels are managed from year to year to enhance waterfowl and shorebird habitat. Check with contact office for status.

Contact S.D. Game, Fish & Parks, Wildlife Division, Watertown Regional Office, (605) 882-5200 Aberdeen District Office, (605) 626-2391

20. Sica Hollow State Park – Roberts County

Habitat 800-acre eastern deciduous woodland on edge of the Prairie Coteau. Steep hillsides and open meadows. Native stand of sugar maples.

Look for these birds Veery, Chestnut-sided Warbler, Blackburnian Warbler, Magnolia Warbler, Yellow-bellied Sapsucker, Least Flycatcher, Willow Flycatcher, Yellow-throated Vireo, Scarlet Tanager, Yellow-billed Cuckoo, Purple Finch. *Rarity: Pileated Woodpecker*

Best birding months April through October State Park entrance license required. No snow removal on park roads late fall through early spring. (**T**)

Tips Trails and roads throughout park. Look for an interpretive trail near the east entrance off U.S. Hwy 12. The steep hills of this area where the Coteau drops down to the prairie were called "Mountains of the Prairie" by Henry Wadsworth Longfellow in his epic poem, "Hiawatha."

Contact Park Supervisor, Roy Lake State Park, 11545 Northside Drive, Lake City, SD 57247 (605) 448-5701 RoyLake@state.sd.us

21. Roy Lake State Park - Marshall County

Habitat 540-acre state park with nearby 1,400-acre game production areas, including Roy Lake surrounded by woodlands and wetlands. A complex of GPAs around the lake total 3,450 acres. The park includes a heavily wooded island with a wheelchair-accessible trail. Park trails and roads run along the shore of Roy Lake. Larson GPA, northwest of the park, includes native prairie, sloughs and cedars. Clubhouse GPA, west of the park, also includes deciduous woods.

Look for these birds American Bittern, Pied-billed Grebe, American White Pelican, Canvasback, Bufflehead, Common Merganser, Franklin's Gull, Forster's Tern, Black Tern, migrating warblers, Eastern Phoebe, Green Heron

Best birding months March through October State Park entrance license required for the park, not the GPAs. (**T**)

Tips Trails and paved roads through park. Driving south off S.D. Hwy 10 through Larson GPA leads to Bullhead Lake boat ramp on Clubhouse GPA. Canoe access. A vehicle trail leads to the center of Clubhouse GPA. A good drive is down County Road 5, the Fort Road, to Jensen WPA. Good birding all along the road.

Contact Park Supervisor, Roy Lake State Park, 11545 Northside Drive, Lake City, SD 57247 (605) 448-5701 RoyLake@state.sd.us

22. Jensen WPA – Marshall County

Habitat 1,100-acre native prairie, wetlands. This one and one-half to two-mile stretch of native prairie gives a glimpse of the past when 100-million acres of prairie covered the plains.

Look for these birds Sharp-tailed Grouse, Savannah Sparrow, Le Conte's Sparrow, Black Tern, Bobolink, Dickcissel, grassland birds, Upland Sandpiper

Best birding months April through September (**P**)

Tips Access from Marshall County Road 5, through the GPA. Look for wetlands and lakes by walking to top of hill to the west. On east side of road is Opitz Lake.

Contact Waubay National Wildlife Refuge, 44401 134A St., Waubay, SD 57273 (605) 947-4521 waubay@fws.gov

Black Tern

Betty Darling Cottrille, Cornell Laboratory of Ornithology

23. Tacoma Park/Putney Slough GPA – Brown County

Habitat 2,700-acre wetland, open water in wet years, grassland, trees along west side of five-mile long slough, and at Tacoma Park, next to James River.

Look for these birds Shorebirds migrating in spring. Flocks of thousands may be found in wet fields beside roads throughout this area, including flocks of Buff-breasted Sandpipers, American Golden-Plover, Black-bellied Plover, American Avocet. *Rarities: Piping Plover, Black-necked Stilt*

Best birding months April through June

Tips Four miles east and four miles north of the northern edge of Putney Slough is Putney #3, an area equally interesting, with congregations of Bald Eagles in early spring, good parking off S.D. Hwy 37. South of Tacoma Park, along east side of James River is public, county-owned property. Access from the eastern side of the James River and drive south, cross the James River, and go south to turnaround at low-head dam.

Contact S.D. Game, Fish & Parks, Wildlife Division, Watertown Regional Office, (605) 882-5200 Aberdeen District Office, (605) 626-2391

24. Sand Lake National Wildlife Refuge – Brown County

Habitat 21,500-acre refuge attracting more than 260 species to its combination of lake, wetland, grassland, deciduous woodland habitats.

Look for these birds Franklin's Gull colony, White Pelican, Western and Clark's Grebes, Snowy Egret, White-faced Ibis, White Pelican, Least Bittern, Black Tern, White-rumped Sandpiper, Long-billed Dowitcher, Willet, Wilson's Phalarope, warblers, wrens and sparrows, Virginia Rail, Le Conte's Sparrow, one million Snow Geese in migration, Ross' Geese mixed with Snows. *Rarities: Yellow-crowned Night-Heron, Red Knot, Common Loon*

Best birding months April through October Visitor Center open Monday–Friday, 8 a.m.–4:30 p.m. Refuge open daylight hours only. Refuge roads open April–October. (**T, CS**)

Tips Self-guided auto tour winds through refuge. Check at Visitor Center for recent sightings.

Contact Outdoor Recreation Planner, Sand Lake Wildlife Refuge, 39650 Sand Lake Drive, Columbia, SD 57433 (605) 885-6320 Sandlake@fws.gov

17

Upland Sandpiper

Doug Backlund, South Dakota Game, Fish and Parks

25. Richmond Lake Recreation Area – Brown County

Habitat 368-acre park with conifers, deciduous woodlands and wetlands around lake.

Look for these birds Long-eared Owl, Northern Goshawk, loons in migration, ducks, herons, woodpeckers, songbirds, warblers in migration

Best birding months April through October State Park entrance license required. (**T, CS**)

Tips Look for Forest Drive area plus trails through park.

Contact Park Supervisor, 37908 Youth Camp Road, Aberdeen, SD 57401 (605) 225-5325 RichmondLake@state.sd.us

Cattle Egret

South Dakota Tourism and State Development

26. Samuel H. Ordway, Jr. Memorial Prairie – McPherson County

Habitat 7,000-acre native mixed-grass prairie preserve owned by The Nature Conservancy.

Look for these birds Baird's Sparrow, Ferruginous Hawk, Upland Sandpiper, Lark Bunting, Say's Phoebe, Chestnut-collared Longspur, Sharp-tailed Grouse, Western Kingbird, waterfowl in migration. *Rarity: Sprague's Pipit*

Best birding months April through October

Tips Watch for Baird's Sparrows sitting and singing from tops of stalks in fairly heavy grasslands. Maintained walking trails in northeast corner of preserve, good gravel all the way around perimeter of preserve. West side road under water in wet years.

Contact Preserve Manager, The Nature Conservancy, Ordway Prairie, 35333 115th St., Leola, SD 57456 (605) 439-3475 mmiller@tnc.org

Red-necked Grebe

Fire Sky Imaging

27. Berguson WPA – McPherson County

Habitat Approximately 2,700 acres of wetland surrounded by native prairie.

Look for these birds Wetland and grassland birds, Baird's Sparrow, Ferruginous Hawk, Upland Sandpiper, Black-crowned Night-Heron, Black Tern, Cattle Egret, Sharp-tailed Grouse. *Rarity: Red-necked Grebe*

Best birding months April through October

Tips Only access is from south. Along western edge of large WPA block, in southern corner is a rough trail going east to Perch Lake. A short walk over the ridge reveals a wetland with nesting herons and egrets. Canoe access also.

Contact Outdoor Recreation Planner, Sand Lake Wildlife Refuge, 39650 Sand Lake Drive, Columbia, SD 57433 (605) 885-6320 Sandlake@fws.gov

28. Long Lake - McPherson County

Habitat 600 acres, grassland lake with wetlands, surrounded by prairie.

Look for these birds Baird's Sparrow, Upland Sandpiper, Swainson's Hawk, Semipalmated Plover, Short-billed Dowitcher, Hudsonian Godwit, many shorebirds, ducks and geese in migration

Best birding months April through October

Tips Parking north and east sides.

Contact Outdoor Recreation Planner, Sand Lake Wildlife Refuge, 39650 Sand Lake Drive, Columbia, SD 57433 (605) 885-6320 Sandlake@fws.gov

29. Mina Lake Recreation Area – Edmunds County

Habitat 300-acre park with lake, woods, grassland and shelterbelts.

Look for these birds Cooper's Hawk, Grasshopper and Clay-colored Sparrows, Bobolink, waterfowl in migration. *Rarity: White-winged Scoter in fall migration*

Best birding months April through October State Park entrance license required. (**T, CS**)

Tips Look for flocks of Lark Buntings along roads, trails and roads throughout park.

Contact Park Supervisor, Richmond Lake State Park, 37908 Youth Camp Road, Aberdeen, SD 57401 (605) 225-5325 MinaLake@state.sd.us

30. South Scatterwood Lake – Faulk County

Habitat Lake surrounded by grassland, wetland with cattails and mudflats in dry years.

Look for these birds Half-million Snow Geese in spring, Ross' Geese, Bald Eagle, all shorebirds in low-water years, Chestnut-collared Longspur, Upland Sandpiper, Bobolink, Western Meadowlark, Ferruginous Hawk, sparrows, wading birds, herons and egrets, warblers in migration. *Rarity: Sprague's Pipit*

Best birding months March through October

Tips Listen for Sprague's Pipits singing in May. They grow silent in June during nesting, then sing again in July, perhaps preparatory to a second nesting. For best variety of species, follow roads and trails all around South Scatterwood Lake.

Contact S.D. Game, Fish & Parks, Wildlife Division, Watertown Regional Office, (605) 882-5200 Aberdeen District Office, (605) 626-2391

31. Fisher Grove State Park – Spink County

Habitat 270-acre park with deciduous woodland, junipers at big loop in James River.

Look for these birds Warblers and vireos, Indigo Bunting, Grasshopper Sparrow, Le Conte's Sparrow, Western Meadowlark, Prairie Falcon, prairie resident songbirds, sparrows, kingbirds, Red-tailed Hawk

Best birding months April through June, September State Park entrance license required. (**T, CS**)

Tips A birding trail following the James River starts at the campground. Red-headed Woodpeckers may be seen along roads in this area.

Contact Park Manager, Lake Louise Recreation Area, 35250 191st St., Miller, SD 57362 (605) 853-2533 LakeLouise@state.sd.us

32. Maga Ta-Hohpi WPA – Beadle County

Habitat Wetland with open water, native prairie, nesting colony, grassland.

Look for these birds Sedge and Marsh Wrens, Great Blue Heron and cormorant colony, Black-crowned Night-Heron, Northern Shrike, Bald Eagle, Bobolink, Yellow-headed Blackbird

Best birding months April through October

Tips Watch for Red-headed Woodpeckers flying between telephone poles along roads throughout this area.

Contact Huron Wetland Management District, Rm. 309 Federal Bldg., 200 Fourth St. SW, Huron, SD 57350 (605) 352-5894 huronwetlands@fws.gov

Black-billed Cuckoo Doug Backlund, South Dakota Game, Fish and Parks

33. Crow Lake - Jerauld County

Habitat 488 acres, lake surrounded by coniferous shelterbelt and grassland.

Look for these birds Lark Sparrow, Goshawk, Lark Bunting, Prairie Chicken, Chestnut-collared Longspur, Orchard Oriole, Grasshopper Sparrow. Watch for Common Loon in migration and Bald Eagle in March.

Best birding months April through September

Tips Watch for Prairie Chickens along road going west towards Fisher Grove State Park. They have been seen roosting in trees. Prairie Chickens and Sharp-tailed Grouse can be found at Horseshoe Lake GPA.

Contact S.D. Game, Fish & Parks, Wildlife Division, Watertown Regional Office, (605) 882-5200 Aberdeen District Office, (605) 626-2391

"

34. Jackson WPA - Jerauld County

Habitat Approximately 1,000-acre wetland and lake surrounded by big bluestem, native prairie, wetlands, alfalfa, sedges, cattails, shelterbelts and plum thickets.

Look for these birds Redhead, Wilson's Phalarope, Upland Sandpiper, Grasshopper Sparrow, Yellow-headed Blackbird, Sedge Wren, Sora, Virginia Rail, Great Horned Owl, Chestnut-collared Longspur, Loggerhead Shrike, Bell's Vireo, Clay-colored Sparrow, Willet, Swamp Sparrow, Short-eared Owl, Gray Partridge. *Rarities: Nelson's Sharp-tailed Sparrow, Blue Grosbeak*

Best birding months March through October

Tips Good access to the WPA along the northern and western sides. From Jackson WPA, you can go north to Huron and Maga Ta-Hohpi, hot spot 32. Or, a zigzag route will take you to Twin Lakes, a few miles south and east, then up to Long Lake, hot spot 35, to the woods at the rest area on S.D. Hwy 34, just outside Forestburg, and on to Rifle Lake, which offers a mix of habitats, grassland, sloughs, an old shelterbelt with cedars, juniper and plum thickets. Continuing north and east will then take you to Lake Thompson Recreation Area, hot spot 38 or up to U.S. Hwy 14 and De Smet.

35. Long Lake – Sanborn County

Habitat 160-acre GPA with cattail slough, shelterbelt with mixed deciduous woods, grasslands and plum thickets.

Look for these birds Swainson's Hawk, Bell's Vireo, Swamp Sparrow, Sedge Wren, Marbled Godwit. *Rarities: Nelson's Sharp-tailed Sparrow, Yellow Rail, Henslow's Sparrow*

Best birding months

April through September

Tips Listen for Bell's Vireo in shelterbelt. Watch for Marbled Godwits on nearby prairie.

Contact S.D. Game, Fish & Parks, Wildlife Division, Watertown Regional Office, (605) 882-5200 Aberdeen District Office, (605) 626-2391

36. Dry Lake #2 – Clark County

Habitat Road north out of Willow Lake ends in the lake, once dry, now flooded, encompassing 3,750 acres. Cattails along road, nesting colony on west side.

Look for these birds Western Grebe, Snowy Egret, Blue-winged Teal, Ruddy Duck. *Rarities: Least Bittern, Clark's Grebe, Little Blue Heron, Tri-colored Heron, Cinnamon Teal*

Best birding months April through September

Tips Watch for Least Bitterns near colony. Access is gained to the lake on all sides by turning on section line roads toward the shore, which grows and recedes with rain each year.

Contact S.D. Game, Fish & Parks, Wildlife Division, Watertown Regional Office, (605) 882-5200 Aberdeen District Office, (605) 626-2391

Western Grebe South Dakota Tourism and State Development

37. De Smet Forest – Kingsbury County

Habitat 178-acre conifer and deciduous woodland.

Look for these birds Sedge Wren, Red-breasted Nuthatch, Cooper's Hawk, warblers, sparrows, songbirds. *Rarity: Great-tailed Grackle*

Best birding months April through September (**P**)

Tips The adjacent rest area is wooded and attracts many warblers and songbirds. Also, from the eastern side of De Smet Forest, just north is Silver Lake WPA, with wetlands and marsh, Sedge Wren is possible.

Contact S.D. Game, Fish & Parks, Wildlife Division, Sioux Falls Regional Office, (605) 362-2700 Huron District Office, (605) 353-7145

38. Lake Thompson Recreation Area – Kingsbury County

Habitat 400-acre park beside lake, with wetlands, sandy beach with gravel. Nearly 1,000 acres of game production area is adjacent.

Look for these birds Sanderling, Ruddy Turnstone, Marbled and Hudsonian Godwits, Wilson's Phalarope, waterfowl, shorebirds in migration, Ross' Geese with huge flocks of Snow Geese. *Rarity: White-winged Scoter in fall migration. Piping Plover have been rarely seen along flooded southeast side of lake*

Best birding months March through October State Park entrance license required. (**T, CS**)

Tips Check the northern end of the lake the last two weeks in May for Sanderlings and Turnstones. Buff-breasted Sandpipers also are seen at the north end. Look for shorebirds on eastern side of lake approximately six miles west of Oldham.

Contact Park Manager, 21176 Flood Club Road, Lake Preston, SD 57249 (605) 847-4893 LakeThompson@state.sd.us
